

**you can
solve this
space problem...**

If you are squeezed for a tight delivery schedule to meet a launch deadline, and need an operational amplifier built by the book* for an outer space system, Nexus can get you the performance you need and build it to —

***NASA NPC 200-4
MIL-E-5400
MIL-Q-9858
ETC.**

Made with cordwood construction to NASA standards.

**or this
space problem...**

If you are squeezed for board-to-board clearance in a card rack system assembly and need a high-grade operational amplifier with superb performance in a low-height low-cost package, you can now get a standard Nexus operational amplifier in the new off-the-shelf "K" package.

**NEW
LOW PROFILE
"K" CASE
FROM \$50**

with operational amplifiers by
